Overview about Surgery Guru India :

Surgery Guru India is a One-Stop MultiSpecialty Surgical Tourism Group providing AFFORDABLE personalized and comprehensive range of care for the full range of emergency and selective surgical problems using hospitals in India, Nepal, Bangladesh. It offers a full complement of surgical as well as non - surgical treatment services to individuals living abroad combined with pre & post- discharge recuperative holidays (advised/personal).

International Patients approaching Asian Destinations are able to draw on the pool of expertise and skills of board certified doctors / consultants / surgeons who work as a team for the best of care and treatment. In addition to access to specialist skills, the patient also has the ASSURANCE OF QUALITY as these medical services are peer reviewed & medically audited under various International / Local accreditations. The partner hospitals under the Surgery Guru India banner adhere to a fixed and transparent fee schedule.

India | Bangladesh | Nepal

Our Services :

- We Arrange Hassle Free Hospital Appointments
- Understanding the Medical Issue You Have
- Arrange Interviews with Surgeons
- Narrow Down Medical Options
- Recommend Cost Effective Treatment
- Choose Right Hospitals /Clinics for you
- Arrange for Post-Operative Stay or Vacation

Your Benefits :

- One-Stop Medical Tourism Shopping
- Established relationships with international providers
- Convenient transfer of medical information to right health care Hospital/Clinics
- Language and cultural barriers are not an issue as you will be guided throughout the Medical tourism trip process by us
- You are dealing with people who have a better understanding of the obstacles you may face in order to get your treatment done, away from your home country

India | Bangladesh | Nepal

Surgery Guru India - Process Flow

Stage1

Client Considering Medical Tourism. Client Contacts Surgery Guru India International offices / website. Client fills up basic information / requirement for initial estimate assessment. Client receives an "indicative generic estimate" for the treatment (Package cost). If client accepts the initial estimate, the company will then assign a case manager. Digitized Medical data of the client needs to be uploaded to our Portal through our secured cloud platform. Data forwarded to the concerned hospital / doctor for final tweaking & actual package cost. Client accepts final package cost (which is the best estimate from the hospital).

Stage2

Case Manager updates customer with suggested trip sheet. Case Manager fixes video conference with the surgeon (only where necessary). Client pays total package fee in advance & receives confirmatory mail from concerned hospital (72 hrs). Case Manager will assist customer in preparation of trip (Air Tickets, Visas, Hotels, Transportation etc). Client departure from home country – Air Travel to India/Bangladesh/Nepal

Stage3

Client Arrival at host country - Meet & Greet - Hospitality management - 2 Day Pre Op Stay. Client admitted to Hospital. Hospital starts with medical process and pre-treatment test that may be required. Medical Procedure as per plan. Customer to stay in hospital until surgeon signs off on release form. Recuperative stay within host country depends on Medical procedure or doctors advice. Surgery Guru India can also

arrange for post recuperation tour to various locations within host country. Client returns to home country. Surgery Guru India can also provide post discharge consultation by e-mail.
